

Eco-Clean Vertical Energy Recovery Ventilator

HOLTOP

Duct mounted

Triple filtration

99% HEPA filtration

Indoor slight positive pressure

Colorful design

High efficiency energy recovery rate

Wireless intelligent control by APP

Optional high efficiency fan with DC motors

Visual management LCD display

Direct blow

99% HEPA filtration

Indoor slight positive pressure

Triple filtration

High efficiency energy recovery rate

Wireless intelligent control by APP

Colorful design

Optional high efficiency fan with DC motors

Visual management LCD display

Direct blown without duct installation

■ Technical parameters

Model	A300G	B300G	A600G	B600G	A300Z	B300Z	A600Z	B600Z
Installation Type	Duct mounted				Direct blow			
Airflow (m ³ /h)	300-100		600-250		300-100		600-250	
Motor Type	DC	AC	DC	AC	DC	AC	DC	AC
Fan Speed	8 speeds	3 speeds	8 speeds	3 speeds	8 speeds	3 speeds	8 speeds	3 speeds
Temperature Eff. (%)	72		72		72		72	
Input Power (w)	100	200	200	240	100	200	200	240
Voltage (V)	220		220		220		220	
Noise dB(A)	25~38		30~45		27~41		32~46	
Size (L*W*H)	510x420x1850		510x520x2200		510x420x1850		510x520x2200	
N.W. (kg)	100		135		100		135	
Room Size (m ²)	50~120		100~240		50~120		100~240	

- Optional colors: ■ ■ or customer-made

■ Suitable for living room, large bedroom, hospital, gum room, class room, kindergarten, etc..
